CEIBS Seeks 20 Additional Top Quality Full-time International Faculty

To achieve its goal of becoming a leading international business school with “China Depth, Global Breadth”, the China Europe International Business School (CEIBS) seeks to appoint 20 top quality, full-time international faculty in the next three years.

In the 18 years since its launch CEIBS has solidified its reputation as the leading international business school in Asia. It is fully accredited under both the European standard (EQUIS) and the American standard (AACSB). Despite its young age, the CEIBS MBA Programme has ranked within the Top 25 by the Financial Times’ annual global business school survey for 9 consecutive years (2005-2013). The EMBA Programme is ranked #7 (2012).

Applicants for faculty positions must meet the following qualifications: (1) hold doctorates in the proper fields, (2) have published in top-tier journals on issues important to managers, scholars, and policy makers in emerging economies, and (3) be committed to teaching excellence in MBA, EMBA and Executive settings.

Applications are especially welcome at mid-career and senior level in the areas of Entrepreneurship, Human Resource Management, Leadership and Organizational Behavior, Strategy, Marketing, Operations and Technology Management, Finance and Accounting, Governance and Corporate Responsibility, and Economics. CEIBS full-time faculty can be based in either Shanghai or Beijing.

Compensation is internationally competitive and commensurate with qualifications. To apply, please forward your cover letter, curriculum vitae, and samples of published or working papers to Ms. Daisy Li, Manager of the Dean’s Office at daisy@ceibs.edu. Applications are accepted throughout the year until all positions are filled.

Professors George Yip, Klaus Meyer, Bruce McKern and Daniel Chng are attending the Academy of International Business Conference in Istanbul and will be available for informal conversations regarding career opportunities at CEIBS.
