The Peter B. Gustavson School of Business invites applications from talented scholars to fill a tenure track position at the Assistant Professor level in the area of Entrepreneurship. Applicants with a PhD (or ABD) are encouraged to apply. Our faculty are recognized research leaders and we seek to complement and extend our already vibrant research community with a gifted scholar who has the ability to publish in top management journals.

The University of Victoria is rated as one of the best comprehensive universities in Canada, with globally recognized researchers, a strong supportive environment for research, and a commitment to teaching excellence. Victoria is located in one of the most beautiful parts of North America and enjoys a very moderate west coast climate, an active cultural scene, and easy access to all types of outdoor activities.

Gustavson is one of the few North American schools that is accredited by both the European Federation of Management Development (EQUIS) and the Association to Advance Collegiate Schools of Business (AACSB).

The Peter B. Gustavson School of Business offers Bachelor of Commerce, Masters of Business Administration and Masters of Global Business degrees – all of which have an international curriculum and a strong co-op component – as well as a PhD in International Management and Organization. Scholarship and teaching at the School are strongly aligned around our three areas of specialization: International Business, Service Management and Entrepreneurship. We are a pioneer and leader in both undergraduate and graduate level international business education and a major contributor to international management research. There are currently five faculty who form the ENT group of teaching and research members, and consequently the educational programs and research benefit from this interdisciplinary experience. Our approach to learning is international, integrative, innovative, and sustainable.

The experiential dimension in our academic programs includes a mandatory co-op program for all undergraduate students, international exchanges, and overseas co-op work opportunities. In line with this approach, a candidate’s business experience would be highly valued, as would international experience.

Please send a letter of application with curriculum vitae, appropriate evidence of research and teaching skills and three references to: Saul Klein, Dean, Peter B.
